

**Eggl Brothers, Inc. Question:**

I keep seeing references to 'PL3', 'PL5', 'M1', etc and it leads me to wonder if there is a color schedule somewhere that I can't find. Please advise.

**Architect's Answer:**

No, there has not been a color schedule issued yet. Those references refer to the 'Final Interior Finish Specifications' that will be issued after the Owner approves the specific color selections for each of the finish materials shown and noted in the documents, after the project is awarded.
